Sneaky of her. Thanks. I am sure she got my out-of-office notice. I'll stick with that.

Goodnight.

Hi Alexandra,
Heather Mack here, reporting on the GGRA's dog management plan (again!). I hope you are well. I have a quick question that seems to be confusing a lot of people. If this supplemental draft is approved, by what percentage of off-leash areas will be reduced? How many acres is this?

Thank you so much!
Best,
Heather Mack
